Bureau of Plant Industry
Dept of Agriculture
Wash D. C.

Depression or not, Time keeps moving along just the same, and we are now up to our ears fighting bugs and weeds, also digging Narcissus and Tulip bulbs. By the time this leaflet arrives we will be ready to ship several varieties of bulbs.

The past winter was severe on many growing things, and needless to say, the hard times did not help matters. We are however still on the job and ready to supply you again with good quality bulbs and satisfying service. We, as many others, with a new Administration in Washington that is active and trying to do something, feel the worst is over and that conditions will gradually improve.

The tendency of rising prices will not be noticed in this price list. Few if any items will be raised over last fall, while many are lowered. We take this opportunity to thank those who so kindly gave us their bulb orders last fall.

* * *

GUARANTEE

We cannot be responsible for crops, for we have no control over your growing conditions, but we do guarantee all stock true to name, to be free of disease, accurate count, honestly graded and absolute satisfaction on arrival. If for any reason you are dissatisfied notify us promptly and your money will be returned.

TERMS

ALL PRICES PREPAID. Please remember this when comparing our prices with others. Cash with order, or 25% and balance C.O.D.; 25% will hold for spring delivery. Stamps for small orders are acceptable.

Shipping Seasons.

Bulb Iris, late July to November. Lilies, beginning late July with Candidum, and such late varieties as Auratum about October until May. Narcissus, August to November. Tulips, August to October 15. Perennial plants, September to May.

* * *

LILIES

The demand for lilies is greater than all the other varieties of bulbs we grow and each year become more popular as flower growers become better acquainted with the numerous varieties. Since climate and soil conditions vary so much we cannot tell you positively what varieties are best suited to your conditions. A trial planting of a few varieties will show which are best adapted. Few lilies will do their best the first year, as they must become established.

As a general rule, large and medium sized bulbs are planted about six inches deep and small bulblets about three inches. Such varieties as Candidum, Pardalinum, Roezli and Superbum should be set about four inches deep. We do not set lily bulbs

on their sides. Reasonably fertile and mellow soil should be used. Morning sun with afternoon shade is fine, tho most lilies do well in full sun but blooms fade more rapidly.

LILY PRICE LIST

ALL PRICES PREPAID. Good strong bulbs, grown by us, that will please you. 6 at 12 rate; 25 at 100 rate.

AURATUM PLATYPHYLLUM—Improved strain of the common Auratum or gold banded lily of Japan. This is about the most attractive lily grown, with spikes 3 to 6 feet tall. Blossoms are large, August and September. 40c each; \$4. per 12; medium size, 25c each; \$2.50 per 12. Bulblets, 12 for 35 cents.

BROWNI COLCHESTERENSE—A beautiful strain of the Browni lily. Very hardy, tall, with a cluster of large trumpet shaped bloom, pure white inside with yellow throat, brownish outside. July blooming. Late September to May delivery. .60 each; 12 for \$6.00; medium size, .35c each; 12 for \$3.50.

CANDIDUM—Madonna or St. Joseph lily, and well known. Pure white fragrant flowers, generally hardy. Makes fall top growth and must be planted in early fall, August being the best month but can supply during September. June and July blooming. 25c each; \$2.25 per 12; \$12.00 per 100. Smaller blooming size, 15c each; \$1.50 per 12; \$8. per 100; bulblets, 12 for 20c; \$1.25 per 100; \$10. per 1,000.

CALLOSUM—A good rock garden lily from China, dainty foliage with two foot stems bearing many reflexed orange-red blooms with no spots. August blooming. 20c each; \$1.50 per 12; small blooming size, 10c each; \$1. per 12. Bulblets, 12 for 20c; \$1. per 100.

CERNUUM—A beautiful dainty lily, very hardy, with foliage similar to Tenuifolium, but with deep lilac-pink blossoms, spotted wine color and very fragrant. June and July blooming. Bulblets only, 12 for 20c; \$1.25 per 100; \$10. per 1,000.

COLUMBIANUM—Native wild tiger, very hardy. Blooms similar but smaller than the common tiger lily. Will grow 3 to 5 feet blooming heavily. Should be fall planted, but can supply bulbs till May. Blooms in June and is quite certain to do well, if fall planted. Large bulbs. each 15 cents; \$1.50 for 12; \$10.00 for 100. Medium, 10 cents each; \$1.00 for 12; \$7.00 for 100. Bulblets, 12 for 20 cents; \$1.00 per 100.

CONCOLOR—A dwarf growing lily, with upright star-shaped deep crimson flowers. Fine for rockeries. Late July blooming. 20c each; \$2.00 per 12; medium size, 15c each; \$1.25 per 12; bulblets, 12 for 20c; \$1.00 per 100; \$8. per 1,000.

CROCEUM—similar to Elegans lilies in growth, but taller, with clusters of attractive orange colored blossoms in June. Should be fall planted and is quite certain to do well. 25 cents each; 12 for \$2.50. Bulblets, 12 for 20 cents.

HENRYI—A tall growing lily, with numerous recurved orange blossoms, hardy and vigorous. 40c each; 12 for \$4.; medium size, 25c each; \$2.50 for 12. Bulblets, 12 for 30c; \$2.00 per 100.

ALWAYS, 6 bulbs at dozen rate; 25 at 100 rate.

HUMBOLDTI—A rare and beautiful native California lily, perfectly hardy in most places. Many blooms of an orange shade, spotted maroon on very tall stout stems. July blooming and should be fall planted. August to April delivery. 40c each; \$4.00 per 12; medium size, 25c each; \$2.50 per 12. Bulblets, 12 for 25c; \$2. per 100.

LONGIFLORUM—The well known white fragrant lily used for Easter forcing and an excellent garden lily. 30c each; \$3. per 12; small blooming size, 20c each; \$1.75 per 12. Bulblets, 12 for 20c; \$1.25 per 100.

MAXIMOWICZII—Somewhat resembles the Tiger lily tho not so tall. Bright orange-red recurved blooms, with dark spots. August and September blooming. Bulblets only this year, 12 for 20c; \$1.25 per 100.

PARDALINUM—(Panther Lily) A fine sturdy growing lily with attractive bright orange flowers, spotted dark crimson. Very hardy and desirable, July blooming. 25c each; 12 for \$2.00; medium size, 15c each; \$1.25 per 12; bulblets, 12 for 20 cents; \$1.25 for 100.

PARRYI—One of the finest and rarest of the Western native lilies, has beautiful clear yellow trumpet shaped blossoms, tall growing and should be fall planted. July blooming. Bulblets only this year, 10c each; \$1.00 per 12.

PHILIPPINENSE FORMOSANUM—A fine graceful, slender foliaged lily with long wide trumpet shaped blooms, pure white, very fragrant, shaded reddish-brown outside. A small bulb variety. Good blooming bulbs, 30 cents each; 12 for \$3 00. Small bulblets, 12 for 25c; \$1.50 per 100.

REGAL—Still the most popular lily, doing well in most climates. Tall and stately with large trumpet shaped, pure white blooms, yellow throat and shaded dull rose outside, very fragrant. June and July blooming. Strong blooming bulbs, 25c each; \$2.50 per 12; small blooming size, 15c each; \$1.25 per 12. Bulblets, 12 for .15c; .80c per 100; \$6.00 per 1,000.

ROEZLI—A West Coast lily, very hardy and thrifty and should do well in most places. Tall strong stems with many brilliant orange blooms dotted maroon. June and July blooming. 25c each; \$2.25 for 12; medium size, 15c each; \$1.25 for 12; bulblets, 12 for 20c; \$1.00 per 100.

SPECIOSUM RUBRUM—A native Japanese lily, very showy and tall grower, with large recurved pinkish white blossoms, spotted red. August and September blooming. 35c each; \$3.50 for 12; medium size, 25c each; \$2.50 for 12. Bulblets, 12 for 30c; \$2.50 per 100.

SUPERBUM—A very hardy and reliable lily, with large bright orange-red recurved blooms, spotted purple, on stems four to six feet tall. A very showy flower, blooming in August. 25c each; \$2.50 for 12. Bulblets, 12 for 20c.

TENUIFOLIUM—(Coral Lily) This is one of the finest for rock planting. Dainty slender foliage with many deep scarlet recurved flowers. Hardy. June blooming. 20 cents each; \$1.50 for 12; medium size, 10c each; \$1.00 for 12; \$5.00 per 100. One year seedlings, will bloom second year, 12 for 15 cents; 100 for \$1.00; 1,000 for \$8.00.

TENUIFOLIUM GOLDEN GLEAM—Similar to above, except the blooms are golden to orange in color, an excellent rock lily. Medium blooming bulbs, 25 cents each; \$2.50 for 12.

TESTACEUM (Nankeen)—Greatly coveted by all lily collectors, tho often difficult to grow. Foliage similar to **Candidum**, tall and stately with many nankeen yellow or apricot colored recurved and fragrant blossoms. Plant early fall. Supply limited. Strong bulbs \$1.25 each; 12 for \$12.00; small size, 60c each; \$6.00 per 12. Bulblets, 20c each; \$2.00 per 12. June and July blooming.

TIGER LILY—Well known and very hardy and dependable lily. Tall growing with large orange-red blooms, spotted purple. August blooming. 25c each; 12 for \$2.00; medium size, 15c each; 12 for \$1.25; bulblets, 12 for 15c; 75c per 100; \$6.50 per 1,000.

TIGER LILY, DOUBLE—One of the very few double lilies. Similar to the single Tiger above, but the bulbs are smaller. Will grow four to six feet tall and always attractive. August and September blooming. First size bulbs, 25 cents each; 12 for \$2 25. Medium size, 15 cents. 12 for \$1.25. Bulblets. 12 for 15 cents.

UMBELLATUM—One of the best of the **Elegans** type, 3 to 4 feet with clusters of brilliant red flowers in June. Very hardy, fine for forcing or in borders. You will be pleased with this lily. 25c each; \$2.25 for 12; \$12.00 per 100. Medium size, 15c each; \$1.25 for 12; \$8. per 100. Bulblets. 12 for 15c; \$1.00 per 100; \$8. per 1,000.

WASHINGTONIANUM (Mt. Hood)—A good garden lily, very hardy, with white fragrant blooms, changing to rich wine color after opening. Will grow 4 to 6 feet tall in favorable conditions. Medium sized bulbs, 30c each, 12 for \$3.00. Bulblets, 12 for 20c; \$1.25 per 100.

WILLMOTTIAE—A very fine garden lily, three to five foot stems with a large cluster of recurved orange-red blooms, in July and August. Blooms well from small bulbs and bulblets bloom second year. Medium size bulbs, 40c each; 12 for \$4.00. Bulblets, 12 for 40 cents; \$3.00 per 100.

NARCISSUS

You will certainly want *Narcissus* or *Daffodils* for your early flower garden. We offer a wide range of large and short trumpet, cluster and late scented varieties. They come early and may be dug or tops removed when they die down.

Early September is the best time to plant, about six inches deep and about that far apart in rows or beds. Bulbs may be dug in July. A mellow and fairly fertile soil is desired.

All bulbs will be treated to comply with Government requirements and be State inspected. We start digging in July and begin shipping bulbs late August.

NARCISSUS PRICE LIST

NARCISSUS PRICES PREPAID. If interested in quantity please ask for wholesale list.

All prices subject to prior sale. Double Nose means solid round bulbs showing two or more flower centers. Single Nose are round bulbs showing one flower center only. If not pleased with them send them back, collect.

TULIPS

Tulips are so universally liked and well known, and all flower gardeners know that no garden is complete without a good assortment of them. There is no use to dwell on their early and beautiful colors.

September early is the best time to set tulips, large bulbs about four to six inches deep, in beds or rows, and about six inches apart. Bulbs may be dug as soon as tops wither.

PRICES PREPAID. 6 at 12 rate; 25 at 100 rate.

Following varieties are 10c each; 60c per dozen; second size 45 cents per dozen.

ALLARD PIERSON—A Darwin and one of the best forcing and certainly one of the most beautiful, being a dark velvety red. A fine cut flower, and equally good outside. Extra early and tall. \$4.00 per 100. Smaller blooming size, 40 per doz.; \$3.00 per 100.

BARTIGON—Darwin, firey red. A fine forcer, very good.

BOUTON D'ORR—Cottage, fine deep yellow, black anthers and one of the best yellow tulips.

BRONZE QUEEN—Breeder, beautiful golden bronze.

KATE GREENAWAY--Darwin, pale lavender fading to white.

KING HAROLD—Darwin, rich crimson, almost maroon.

ORANGE KING—Cottage, large, rich glowing orange.

Following varieties are 10c each; 50c per dozen. Second size, 5 cents each; 35 cents per dozen.

BARONNE de la TONNAYE—Darwin of rich rose-pink, lighter at the edge.

CALEDONIA—A late Cottage tulip and very hardy. Fine for borders and especially in solid beds, where the bright scarlet blooms from a distance appear as a bed of fire. \$3.00 per 100. Smaller blooming size, \$2.50 per 100.

CLARA BUTT—Popular pure pink Darwin.

FAIRY—Breeder, terra cotta and coppery bronze.

FARNCOMBE SANDERS—Darwin, large fine vivid red.

GOLDFINDER—Cottage, yellow and red stripped, late.

HAMMER HALES--Cottage, outside of petals mahogany-brown, inside yellow

INGLESCOMBE PINK—Pink, flushed with amber, Cottage, often mistaken for a Darwin.

INGLESCOMBE YELLOW-Canary yellow, yellow anthers.

MIXED—This is as fine a mixture of named tulips as you will find anywhere, and so will bloom over a long period. We sell more of this collection than all named varieties together. Contains fifty or more varieties. Good blooming bulbs, \$3.25 per 100. Smaller blooming size, \$2.25 per 100.

MIXED BLACK—Several of the best black Darwins.

MIXED PINKS—Three or four fine pink Darwins.

MIXED WHITE--Pure whites, White Hawk and Swan.

THE FAWN—Cottage, large oval flower, buff-rose

SMALL TULIP PLANTING STOCK—We can supply three varieties Allard Pierson, Caledonia and a fine Mixture. There will be several hundred to one quart. 80c per quart; \$2.50 per gallon prepaid.

DUTCH IRIS

Dutch Iris **MUST** be fall planted. Early blooming. Prices prepaid. 10c each; 12 for 40c; \$3.00 per 100.

Albert Cuyp, pale blue with yellow falls; Celeste, light blue; Imperator, dark blue, one of the best; Yellow Queen, yellow.

ENGLISH IRIS

A grand strain of bulb iris. Must be fall planted. Late blooming. Prices prepaid. 10c each; 12 for 60c; \$3.50 per 100.

PURPLE, ROYAL BLUE and WHITE. Also—

SEEDLINGS—Should show a good range of color. Blooming size bulbs, 50c per dozen; \$2.50 per 100. Small bulbs, 25 for 30c; 100 for \$1.00.

ENGLISH IRIS SEED—Should be fall planted about one inch deep. Grows rapidly and very interesting. 10c per packet, 3 for 25c; \$1.00 per ounce.

SPANISH IRIS

A very hardy bulb iris, blooms just before the English. All these bulb iris should be early planted. Good blooming bulbs. Plant about four or five inches deep.

BLANCHE FLEUR, white; CAJANAS, rich yellow; and MIXED, containing six or more good varieties. 10c each; 40c per dozen; \$3.00 per 100.

MIXED SPANISH IRIS, small blooming bulbs, 12 for 25c; 100 for \$1.75. Small mixed planting stock, 100 for 50c; \$3.00 per 1,000.

SIBERIAN IRIS

A ROYAL BLUE—This is an extra hardy fibrous rooted plant and fine blue blossoms similar to bearded iris but much daintier. An excellent cut flower. Strong plants, not single divisions. Each 20 cents, 12 for \$2.00. Small divisions, will grow rapidly. 6 for 25c; 30 for \$1.00.

WHITE—White Siberian. Prices same as above blue.

* * *

VARIOUS BULBS

AMARYLLIS—Belladonna Major. Extremely beautiful cluster of silvery pink trumpet shaped blooms on tall leafless stems. Foliage dies during summer and blooms appear later. In cold climates bulbs may be set with about five or six inches of soil on top of bulbs, in fall only. 35c each; 6 for \$1.75.

ANEMONE, ST. BRIGID—Wide range of color, mixed only. Grown from our own seed selection and is an excellent strain. Should be early fall planted about two inches deep, but in cold climates may be early spring planted. Good blooming bulbs, 3 for 15 cents; 40c per dozen.

CAMASSIA—Native bulb plant, ten or more inch stems with blue flowers. Fine for naturalizing as they stand neglect, very hardy and a good cut flower. Bulbs ready late July to November, 5c each; 12 for 30c; 100 for \$2.00. Small size, \$1.00 per 100.

DEER TONGUE—Native, early blooming bulbous plant. 5 cents each; 30 cents per dozen.

ALWAYS, 6 bulbs at dozen rate; 25 at 100 rate.

GALTONIA—Hyacinthus Candicans or plain summer hyacinth. These bulbs make a nice plant, growing quite similar to the yucca plant, having tall flower spikes with a cluster of bell-shaped white blossoms. Plant 4 or 5 inches deep in spring as bulbs will not stand winter freezing. Large bulbs, 15c each; 12 for \$1.50; medium size, 10c each; 12 for \$1.00; small seedlings, 25 for 20c; 100 for 60 cents. Seed 10 cents per packet; \$1.00 per ounce.

HYACINTHS—You all know and admire the fragrant early spring blooming hyacinths. We offer good blooming bulbs in red, white or blue, or mixed, at 15c each; 10 for \$1.00

MUSCARI—Grape Hyacinth, bright blue flowers on 6 to 12 inch stems, very hardy and a good naturalizer. 25c for 12; \$1.50 per 100. Planting size, 100 for 50c.

SCILLA—Long graceful spikes of hyacinth-like blue flowers sometimes called blue bells. Very hardy. 3 for 20c; 12 for 50c. Scilla Campanula, blue; Scilla Rosea, delicate lilac-rose, very lovely; Scilla White, the pure white form, like giant lily-of-the valley. Must be fall planted about four inches deep.

TIGRIDIA—Here is one of the most fascinating and attractive bulbous plants grown. Each blossom opens in the morning and dies about sundown and a new one takes its place next day, keeping this up till late fall, when they are dug and tops cut off close and immediately and thoroly dried, stored in a dry frost proof place till spring. The blooms measure up to four inches or more across, with many shades of red and yellow. Do not remove roots or divide bulbs till ready to plant in spring. Will not stand winter freezing. Plant about three inches deep. Good blooming bulbs, 15c each; \$1.25 for 12. Medium size, 10c each; 12 for 75c. Blooming size seedlings, 25 for 40c; 100 for \$1.25. Tigridia seed, 25c per packet; \$1.00 per $\frac{1}{4}$ ounce.
